

Wanda Enoch – WE Creations, Inc.
Permanent Cosmetic Enhancements

888-461-4441

PRE- CARE INSTRUCTIONS

EYELINER

1. Bring your contact case and glasses to wear after the procedure.
2. Bring sunglasses.
3. Remove contacts at the appointment.
4. Please clean your eye make-up off your lids approximately 4 hours before the appointment. Oily residue or make-up remover makes it harder for the color to penetrate.
5. You must wait for a minimum of 3 months after any eye area surgery and you need the physician's release.
6. An antihistamine, decongestant, Advil etc. 45 minutes before appointment will help with the comfort level.

EYEBROWS

1. It's preferable to get Botox after our eyebrow designing. If you have the Botox before your makeup design date, I will stay in the correct eyebrow area, but once the Botox has worn off, your brows may need an adjustment. This adjustment is not included in the original fee if it is after the follow up.
2. Let your brows grow a bit so I can determine how many of the hairs we can keep in the design.
3. No sun burn.
4. No sun for 10 days before and after procedure.
5. Bring a picture of eyebrow style and shape you would like. I will draw it to fit your face shape.
6. If needed I can wax or tweeze the stray hairs after the procedure.
7. No pimples or unhealed sores in the treatment area

LIPS

1. If you have EVER HAD A COLD SORE, it is imperative that you take Valtrex or Zovirax starting 24 hours before your appointment and continue for a total of 5 days. This must be done for the follow-up also. If you do not take the medicine, I will not work on your lips. Without medicine you have a 99% chance of having an outbreak, lips won't heal for 2 weeks and the color will be pushed out.
2. Bring your favorite color so I know what result you would like to achieve.
3. It's preferable to have lip fillers AFTER the procedure so we can design your lip shape to be filled.
4. No sun burn.
5. No sores or splits on lips.

If you come to your appointment with an open wound that is in the treatment location, I will not be able to proceed with the procedure and you will forfeit your deposit and another new appointment and deposit will need to be made.

If you have any questions or concerns you may reach me, **Wanda Enoch at 888-461-4441.**
